Discover PRCCI: Your Gateway to Cutting-Edge Clinical Research in Puerto Rico!

Established in 2016 as a non-profit organization, the Puerto Rico Consortium for Clinical Investigation (PRCCI) has created and developed the largest network of top clinical, academic and private research sites in Puerto Rico. PRCCI is thrilled to announce the latest addition to the consortium of clinical trial organizations – the brand-new **PRCCI Clinical Research Center**. As the healthcare landscape evolves, our organization responds with an unwavering dedication to expanding and enhancing our capabilities.

WHY CHOOSE PRCCI?

- ✓ Modern Infrastructure
- ✓ State-of-the-Art Equipment
- ✓ Expert Staff
- ✓ FDA Regulatory Compliance
- ✓ Strategically located near major academic and hospital institutions

PRCCI

Our new Clinical Research Center

In line with the FDA's recommendation to enhance diversity in clinical trials, PRCCI is at the forefront of this effort. Companies in the US can now tap into Puerto Rico's diverse population for inclusive trials. Our new state-of-the-art facility boasts cutting-edge technologies and a team of dedicated experts are ready to support your clinical trial investigations.

100+

CLINICAL TRIALS CONDUCTED

70+

CLINICAL RESEARCH INVESTIGATORS

500+

PATIENT LIVES IMPACTED

594+

SOME OF THE BENEFITS OF CONDUCTING CLINICAL TRIALS IN PUERTO RICO

Regulatory Environment

As a US territory, Puerto Rico follows regulations set by the U.S. Food and Drug Administration (FDA)

Diverse Population

Diverse population with a mix of ethnic backgrounds, including African, European, Hispanic and Indigenous heritage

Financial Incentives

For those eligible, investment credit is granted in R&D activities, including operational expenditures, and clinical trials

Infrastructure and Skilled Workforce

The island has a well-established medical infrastructure and skilled bilingual workforce

Geographic Concentration

Geographic concentration makes it easier to reach and engage a large number of potential participants within a smaller area.

TOGETHER, WE CAN DRIVE BREAKTHROUGHS THAT WILL BENEFIT PATIENTS WORLDWIDE!
